

Product features

Premium series container adjusted to Euro Gitterbox DIN15155 bin. Container equipped with a safe and comfortable self-closing flap. Gas springs support self-closing flap and provide its slow and smooth closing. Galvanized steel and powder coating is a perfect protection from adverse weather conditions. Handle made of pipe with a diameter of 30 mm.

Mini gutter prevents rainwater from leaking inside the container. Locking with a cylinder lock. Possibility of Master Key system. Door at full container's height enables removing filled bin.

Material

1.2 mm thick steel sheet, square steel profiles, steel pipes, steel bars, galvanized fasteners, PVC.

Container for collection of electronic waste and other valuable goods

Transport

Semitrailer: 18 pcs.
(assembled)
